**TOUR HIGHLIGHTS**
**MADRID**
**SANTIAGO BERNABEU STADIUM**

Home of Real Madrid F.C., it is one of the world's most famous and prestigious football venues. Some truly memorable football has been played within the walls of Santiago Bernabeu Stadium. It is not used only for football matches, though this will always be its main use for major concerts.

**PALACIO REAL**

It is the official residence of the Spanish Royal Family at the city of Madrid, but is only used for state ceremonies. The palace is on the site of the 9th century Alcazar, constructed as an outpost by Muhammad I of Córdoba. The palace has 135,000 square meters of floor space and contains 3,418 rooms. The interior of the palace is notable for its wealth of art.

**CYBELES SQUARE**

It is a square with a neo-classical complex of marble sculptures with fountains that has become an iconic symbol for the city of Madrid. Its Cibeles Fountain has been adopted by the football club Real Madrid, whose fans use the area to celebrate its triumphs in competitions. At 30 meters below the surface is an area where the Central Bank stores its gold. Before modern security was installed, the room was flooded in case of danger by water coming from Cybeles Fountain.

**PUERTA DEL SOL**

Located in the very heart of Madrid, it is one of the best known and busiest places in Madrid. Originated as one of the gates in the city wall that surrounded Madrid in the 15th century, it was an important meeting place; as the goal for the couriers coming from abroad and other parts of Spain to the Post Office, it was visited by those eager for the latest news.
